### BSRUN partner universities

November 19, 2008

Dear partners, colleagues,

**Let us meet in Riga again!**

It is my great pleasure to invite You to the 10th Baltic Seminar of University Administrators (BSUA), which will be organised by the Baltic Sea Region Universities Network in cooperation with EAIR on May 14-15, 2009 in Riga. The planned theme of the seminar is "Role of governing bodies in higher education. Recent developments in higher education governance".

I would like to remind that the first BSUA meeting took place in Riga September 2000. The increased complexity of the higher education institutions is reflected in the changes of their roles and responsibilities. This seminar has been always a supportive instrument for partner universities to exchange opinions and experiences in great variety of important themes within these years. I hope that the anniversary BSUA programme will be as interesting and attractive as it has always been. On May 13<sup>th</sup>, 2009 I would like to invite rectors and vice-rectors, who have already arrived, for a friendly meeting in the evening.

We hope for Your University's interest in the discussions within the network and Your personal possibility to honour us with Your presence and contribution. We hope that Your university will encourage colleagues to participate in the seminar and to send the paper proposals to the e-mail: [ad@lu.lv](mailto:ad@lu.lv) till **January 31, 2009**. A draft programme and registration form will be available on [www.lu.lv/bsua](http://www.lu.lv/bsua) in **February**. **Registration fee is planned 70 EUR.**

Looking forward to welcome You in Riga  
With best regards

Marcis Auzins  
Rector
